

Maui Kanu for sale

IMG_0415.MOV

FOR SALE 3-4 year old Maui Kanu originally purchased for \$4,200 brand new.

Pristine condition apart from small nick (incurred when loaned out), easy clip on kiato and ama, rudderless or rudderless option.

Predominantly used in fairweather and well loved. Waka is fully operative and is only being sold as the owner is not getting as much paddling as desired and now prefers more team scenarios rather than w1 training as well as limited access to good water options (rural base).
